LIMITED WARRANTY - PRESTIGE DIY PRODUCTS™

1357042 Ontario Limited (hereinafter "Décor Innovations") warrants to the original consumer purchaser (the "Original Consumer Purchaser") and only to the extent set forth below, its successor and assign (together with the Original Consumer Purchaser, the "Consumer Purchaser"), subject to the terms and conditions herein, that each PRESTIGE DIY PRODUCTS™ Product, as shipped, will be free from manufacturing defects that cause the Product to delaminate, decay, rot, corrode or swell excessively from moisture for a period of thirty (30) years from the date of the original purchase from an authorized PRESTIGE DIY PRODUCTS™ dealer (the "Original Purchase Date"). Each Consumer Purchaser of PRESTIGE DIY PRODUCTS™ shall have sole responsibility for making determinations as to the suitability, effectiveness, and safety of any particular use or application of the PRESTIGE DIY PRODUCTS™. As building code regulations may vary from area to area, each Consumer Purchaser should consult local building and safety codes for specific requirements.

Value added paint options come with a 1 year limited warranty.

ADDITIONAL CONDITIONS AND EXCEPTIONS

In all events, Décor Innovation's sole and exclusive liabilities under this warranty are limited solely and exclusively to replacement of defective PRESTIGE DIY PRODUCTS™, or the issuance of a refund equal to the original cost of the PRESTIGE DIY PRODUCTS™. Under no circumstances shall Décor Innovations be liable for labour, installation, reinstallation, freight, taxes or any other charge related to defective PRESTIGE DIY PRODUCTS™. Décor Innovations shall not be liable under any circumstances for any indirect, incidental, punitive, consequential, exemplary or other damages of any kind whatsoever, whether any such claim is based upon theories of contract, warranty, negligence, tort strict liability or otherwise. This warranty does not provide protection against any failure of, defect in or damage to PRESTIGE DIY PRODUCTS™ caused by situations beyond normal exposure conditions, including but not limited to the following: intentional or unintentional misuse, abuse, neglect, or improper handling or storage; impact of foreign objects; earthquake, lightning, ice, fire, tornado, windstorm, flood, among others or any other acts of God; improper installation of the PRESTIGE DIY PRODUCTS™ or its structural supports, or installation not in strict adherence to Décor Innovation's written instructions; cracking, distortion, movement, settlement, or warping of the PRESTIGE DIY PRODUCTS™ structural supports or accessories used in connection therewith; insurrection, terrorism, acts of war, riot, vandalism, improper maintenance, use of incompatible accessories; or other products that cause a PRESTIGE DIY PRODUCTS™ defect or failure to occur; pollution, acid rain, contact with harmful chemicals or vapors; or ordinary and expected weathering due to exposure to the elements; which for purposes of this Warranty is defined to be fading, chalking or darkening of the surface of the Product due to exposure to natural sunlight and extreme atmospheric conditions that are unique to and may vary depending on geographic location. Décor Innovations shall have sole discretion to determine, based on reasonable criteria, whether the PRESTIGE DIY PRODUCTS™ is suffering from normal weathering. This Warranty does not cover painted finishes or coating applied to PRESTIGE DIY PRODUCTS™ by the Consumer Purchaser or any third party. Failure to adhere to Décor Innovation's recommended guidelines for application of painted surfaces shall void this Warranty. All claims under this Limited Warranty must be made within 90 days from the time that the defect is discovered and while the PRESTIGE DIY PRODUCTS™ is in place. Consumer Purchaser shall provide Décor Innovations and its agents and employees with a reasonable opportunity to inspect and test the PRESTIGE DIY PRODUCTS™, its installation, and the environment in which the Consumer Purchaser used it prior to removal so that Décor Innovations may determine what replacement, if any, may be needed. In the event that Décor Innovations determines that a replacement is appropriate, Décor Innovations shall have the option of retaining all material that is replaced. If Décor Innovations replaces any material under this warranty, it may substitute products designed by Décor Innovations to be of compatible quality or price range in the event that the product initially purchased has been discontinued or modified. Anything less than strict compliance with these notice and inspection provisions shall serve to void all warranties with regard to PRESTIGE DIY PRODUCTS™. This Warranty may not be altered or amended except in a written statement signed Décor Innovations and Consumer Purchaser. Décor Innovations has not authorized any dealer or other person to make statements or representations regarding the performance of PRESTIGE DIY PRODUCTS™ except as contained in this Warranty, and Décor Innovations shall not be bound by any such statements other than those contained herein.

THE FOREGOING WARRANTY IS EXCLUSIVE AND IN LIEU OF ANY AND ALL OTHER APPLICABLE WARRANTIES, EXPRESS OR IMPLIED, INCLUDING WITHOUT LIMITATION, ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR USE.

This Warranty is transferable to a successor by the Original Consumer Purchaser with the transfer of other conveyance of the PRESTIGE DIY PRODUCTS™ and shall not be transferable or assignable by any subsequent consumer purchaser. In accordance with the foregoing, this Warranty shall expire upon the first to occur of: (i) the transfer or other conveyance of the PRESTIGE DIY PRODUCTS™ by the Original Consumer Purchaser's successor or assign; or (ii) thirty (30) years from the Original Purchase Date.

Some states and provinces do not permit limitations on the duration of implied warranties or exclusions or limitations of incidental or consequential damages, so certain limitations set forth in this Limited Warranty may not apply to you. This warranty gives you specific legal rights, and you may have other rights which may vary from state to state.

FILING A WARRANTY CLAIM

To file a claim under this Warranty, Consumer Purchaser must send proof of purchase, a photograph of the defective PRESTIGE DIY PRODUCTS™ and a written description of the nature of the defect to the company's corporate address in Oakville, ON. (See address below). Décor Innovations reserves the right to investigate any claim hereunder. Upon verification of the claim, Décor Innovations shall, at its sole discretion, either arrange for the delivery of replacement Product or issue a refund equal to the original cost of the Product only. In either instance, Consumer Purchaser shall allow Décor Innovations at least ninety (90) days for investigation and either replacement or refund.

Preparation & Application

Your Prestige DIY Products™ are manufactured using premium free-foam cellular PVC and do not require painting to validate the warranty. If painting is preferred, please use the guidelines below.

Surface Preparation

Prestige DIY Products™ can be painted to achieve the desired look or accent colour of your home. To ensure good paint adhesion, the surface of the pvc product should be clean, dry, and free of dirt, mildew, chalk, grease and any other surface contaminants before paint application. Prior to cleaning it is a good practice to fill any holes and remove any marks or blemishes that may appear during the installation process with an exterior filler, (for example, sandable Bondo).

Cleaning can be accomplished using a cloth and a mixture of mild detergent and water. Other cleaning agents include a mild household spray cleaner, a degreaser, or alcohol.

Coating Specification

A 100% acrylic latex or 100% acrylic latex with a urethane additive should be used to achieve superior coating durability and flexibility. Only light to medium coloured paints with a light reflective value (LRV) of 55 units or greater should be applied to Prestige DIY Products™. *Using a paint with a LRV below 55 units will void our product warranty.*

Paint manufacturer recommendations include priming with an exterior 100% acrylic latex primer, followed by two coats of exterior 100% acrylic latex satin finish paint.

Application

Apply paint when the air and surface temperatures are 2°C (35°F) or above, and when the air and surface temperatures will remain above this temperature for the next 24 hours. Avoid painting early in the morning or late in the day when dew and condensation are likely to form, or when rain or snow is threatening. To prolong the shelf life of the paint, always protect it from freezing.

Apply primer and topcoats using the following methods:

- Brush: Use a nylon/polyester brush.
- Roller: Use a 3/8" – 3/4" nap synthetic roller.
- Spray: Airless Pressure...2000 psi Tip...015"-019"

Typical Drying Times (Dry Time at 25°C (77°F); 50% Relative Humidity):

- To the Touch: 30 minutes - To Recoat: 4 hours
- To Handle: 1 hour - To Full Cure: 30 days

Considerations

- Higher quality paints typically outperform lower quality paints.
- Temperature, humidity, wind, and the amount of direct sunlight at time of application will affect paint drying times.
- Prestige Products™ are impermeable to moisture; it may take as long as 45 days for paint application to fully cure.
- Paint failures on wood are due primarily to moisture cycling. Since Prestige Products™ cannot absorb moisture, paints will adhere better and for a much longer time when applied to premium PVC versus wood.

Innovative PVC Systems

P R E M I U M C O L U M N S T Y L E S

Columns shown above are Edgewater I.

The Prestige Advantage™

Beautiful

- Classic Architectural Look
- No Visible Fasteners
- Wide Assortment of Styles

Easy Installation

- Complete Kit, with Fasteners & Adhesive
- No Special Tools Needed
- Easy Innovative SmartLock™ Corners
- Flat-Pack for Safe & Easy Transportation

Virtually Maintenance Free

- Free-Foam Cellular PVC Construction
- Weather, Decay and Insect Resistant
- Paint Friendly with Acrylic Latex Paints

Smart & Beautiful

Prestige Columns™ feature beautiful, unblemished column panel faces. Each panel incorporates our innovative SmartLock™ Corner technology, resulting in a column that is assembled without the need for nails or screws marring the panel face.

The PREMIUM COLUMN SERIES™ reflects style of elegance that has been produced over the years for architects and builders as repeat custom profiles that have earned their place in the series.

Prestige SHUTTERS

Innovative PVC Systems

*Shutters shown above:
Distinctive Collection, Raised Panel*

The Prestige Advantage

Beautiful

- Classic Architectural Look
- No Visible Fasteners
- Wide Assortment of Styles

Easy Installation

- Complete Kit, with Fasteners & Adhesive
- No Special Tools Needed
- Flat-Pack for Safe & Easy Transportation

Virtually Maintenance Free

- Free-Foam Cellular PVC Construction
- Weather, Decay and Insect Resistant
- Paint Friendly with Acrylic Latex Paints

Prestige Shutters are available in two style categories to best accommodate our customers needs.

The **DECOR COLLECTION**, at a lower cost, shows a beautiful traditional profile but is manufactured using a single PVC sheet with the profile engraved directly to the surface.

The **DISTINCTIVE COLLECTION** is made with true traditional rail and stile construction creating a strong, durable shutter to enjoy for years to come.

All **shutters** are custom ordered to suit your project.

DECOR COLLECTION

Recessed Flat Panel

Board & Batten

Recessed V-Groove Panel

Raised Panel (Routed)

Standard Measurements for **Decor Collection & Distinctive Collections.**

Assembly & Installation Instructions

Congratulations on your purchase of your new Prestige Gable™ Detail. These gables are designed to bring a classical architectural design to your home, and are engineered for easy installation. Before you begin your install, please take a few moments to unpack and review the contents of your package. Each Gable Detail will be installed behind the fascia board. You will need different fasteners depending on the application.

Note: The below installation instructions are suggested practices only. Fastener length may vary depending on product purchased. Ensure for 1" penetration into wood structure.

Materials Included:

- One (1) gable post with mounting block
- Two (2) gable stretchers
- Four (4), #8, 3" galvanized wood screws
- Three (3) screws per side of stretcher
- Two (2) space blocks for each stretcher **

Gable Detail: Assembly

- On a clean flat surface, layout the gable detail parts.
- Using spacers to adjust the depth, place the two gable stretchers at the desired height from the bottom of the gable post or line up with pre marked holes.

It is recommended not to exceed 4" from the bottom of gable post.

- Using the #8 galvanized wood screws provided, toe screw the stretcher to the middle gable post. The holes are pre drilled for easy assembly.

- Fasten both stretchers to either side of the gable post.

Gable Detail: Installation Instructions

- Once the gable detail is assembled, remove the mounting block positioned in the gable post.

- Using the four (4) 3" #8 galvanized wood screws provided, fasten the mounting block to the top gable peak sub-fascia.

**** Best method is to screw two (2) from back of fascia and two (2) from the front.****

- Once mounting block is secured, with stretchers attached, slide gable post over block and fasten to the mounting block using four (4) 2" #8 galvanized wood screws. (Fasteners not included)

- Once gable post has been fastened to the mounting block, level post before fastening stretchers to sub fascia.

- Place block spacer (included) between stretcher and sub-fascia and using two (2) #8 galvanized wood screws, screw both into the back of the fascia, into the stretcher

- By screwing two (2) screws into both the front and back, you securely lock the gable into place both ways.

Congratulations, your Prestige Gable is now completely installed and ready to enjoy. While not required, your gable can be painted.
